Urban Agenda

The Philippines' New
Urban Agenda

A stylized landscape illustration featuring rolling hills in shades of green and blue. In the foreground, a tree with a brown trunk and purple and pink foliage stands on a green hill. The background consists of layered, wavy bands of blue and white, suggesting a sky or distant mountains.

The Philippine New Urban Agenda

New Urban Agenda 1 - Urban Demography

Capturing the Youth Dividend, A More Spatially Balanced and Interconnected Development, and Safeguards for the Vulnerable and Disadvantaged

- Agenda 1.1** Invest in people, capture the youth dividend.
- Agenda 1.2** Pursue a more spatially and regionally balanced development.
- Agenda 1.3** Foster more effective gender mainstreaming in urban development.
- Agenda 1.4** Safeguard the vulnerable and disadvantaged groups.
- Agenda 1.5** Improve capacity for urban demography.

New Urban Agenda 2 – Land and Urban Planning

Effective Regional Planning and Development, Planning for Climate Change Adaptation and Disaster Risk Reduction, and Improving Access to Urban Land

- Agenda 2.1** Incorporate climate change adaptation (CCA) and disaster risk reduction and management (DRRM) in urban planning.
- Agenda 2.2** Arrest urban sprawl and manage urban form and design through effective planning and development.
- Agenda 2.3** Generate livelihoods and improve food security by planning for more sustainable urban agriculture.
- Agenda 2.4** Shift to a more integrated and inclusive transport planning.
- Agenda 2.5** Facilitate security of tenure through rights-based approaches and land use rights instruments supported by efficient systems.

New Urban Agenda 3 – Urban Environment

Climate Change and Disaster Resiliency, Urban Environmental Infrastructure Improvements, and Developing Green Cities

- Agenda 3.1** Further boost the capacity for a highly effective climate change actions and disaster risk reduction and management.
- Agenda 3.2** Accelerate climate change actions and disaster resiliency.
- Agenda 3.3** Sustain and improve urban waste management programs: solid waste, waste water and air pollution.

New Urban Agenda 4 – Urban Governance and Legislation

Stronger Sector Leadership, Effective Multilevel Governance, Improved Local Urban Governance Capacity, and Participatory and Transparency Mechanisms

- Agenda 4.1** Establish and support more effective sector leadership in a new urban governance framework with clear and well defined multi-level and inter-government relationships.
- Agenda 4.2** Use information and communications technology (ICT) including social networking for a more transparent and accountable digital urban governance.
- Agenda 4.3** Improve local urban governance by strengthening local government capacities

New Urban Agenda 4 – Urban Governance and Legislation

Stronger Sector Leadership, Effective Multilevel Governance, Improved Local Urban Governance Capacity, and Participatory and Transparency Mechanisms

- Agenda 4.4** **Address urban safety and security through improved governance frameworks.**
- Agenda 4.5** **Enhance participatory governance and strengthen social protection to promote social inclusion.**
- Agenda 4.6** **Encourage metropolitan governance for efficient spatial and functional interrelations between cities, settlements, and their surrounding areas.**

New Urban Agenda 5 – Urban Economy

Diversified Local and Housing Finance, Sustainable Local Economic Development, and Urban Economy Mainstreaming in Development Planning

- Agenda 5.1** Transform cities into effective agents of diversified local finance.
- Agenda 5.2** Develop more innovative approaches to housing finance including housing microfinance and the use of rights-based land tenure instruments as collateral substitutes.
- Agenda 5.3** Broaden and deepen the support for sustainable local economic development (LED).

New Urban Agenda 5 – Urban Economy

Diversified Local and Housing Finance, Sustainable Local Economic Development, and Urban Economy Mainstreaming in Development Planning

Agenda 5.4 Generate more and better jobs; equalize access to improved livelihood opportunities.

Agenda 5.5 Integrate the urban economy firmly into national, sectoral and local development planning and implementation.

New Urban Agenda 6 – Housing and Basic Services

Scaling Up Low Income and Pro Poor Housing, Affordable, Reliable and Resilient Basic Services, and Shifting to an Inclusive, Low Carbon Urban Transport System

- Agenda 6.1** Enable informal settler families to live in resilient, vibrant, and connected urban communities.
- Agenda 6.2** Expand financing and encourage investments in spatially integrated and climate change resilient housing and basic infrastructure.
- Agenda 6.3** Promote the shift to a demand-based, low carbon yielding urban transport system.

Thank you!
